EXPERIENCE

SHINE LOGICS | PRODUCT CONTRIBUTOR

June 2024 – Nov 2024 | Intern

- Developed a AI power Interview tool to automate and enhance the interview process using AWS and React Vite.
- Implemented LSRW skill assessments and an AI-powered HR interview to evaluate candidates.

PROJECTS

OD CLAIMER | MERN

- Built a MERN application for on-duty requests and attendance tracking.
- Updated records with geotagged photos and proof details.
- **Tech Stack:** React, TailwindCSS, MongoDB, NodeJS
- **GitHub**

JOB RECOMMENDATION SYSTEM | MACHINE LEARNING

- Designed a system to recommend jobs based on user input.
- Used React for frontend and Flask for backend.
- **Tech Stack:** React, TailwindCSS, ML model
- **GitHub | Deployment**

INDIAN ELECTION ANALYSIS | POWER BI

- Designed an interactive Power BI dashboard to analyze national-level election data.
- Identified key voting trends and insights through data visualization and analytics.
- **GitHub**

MULTI-LANGUAGE TRANSLATOR | PYTHON

- Created a translator with a Flask backend and React frontend.
- Integrated a pre-trained Hugging Face facebook/mbart-large-50-one-to-many-mmt model for accurate translations.
- **Tech Stack:** React, MBert model, TailwindCSS
- **GitHub**

PODPRISM | MERN

- Developed a full-stack website for streaming and uploading podcasts.
- Designed a sidebar for navigate pages
- **Tech Stack:** React, TailwindCSS, MongoDB, Firebase
- **GitHub**

CERTIFICATION

Mongo DB Associate Developer

- **Certification**

EDUCATION

B.TECH IN AI & DS

KONGU ENGINEERING COLLEGE

Grad. May 2026 | CGPA: 8.05 / 10
(Till 4th sem)

HSC

BLUE BIRD MATRIC HR SEC
SCHOOL

Grad. May 2022 | Per: 88.3

SSLC

BLUE BIRD MATRIC HR SEC
SCHOOL

Grad. May 2020 | Per: 95.3

AREAS OF INTEREST

- Machine Learning
- Web Development
- Data Analysis

SKILLS

PROGRAMMING

- Java (Intermediate)
- C (Intermediate)
- Python (Intermediate)
- JavaScript (Intermediate)

TECHNOLOGY

Github • React • MongoDB
Tailwind CSS • Node.js • Express.js
Flask • Linux

FRAMEWORK & TOOLS

Keras • Numpy • Pandas
Power BI • Docker • Scikit-Learn
NLTK • Transformers

ACHIEVEMENTS

2024 2nd in Vivere (AI Chatbot)
2024 Ideathon Finalist (OD Claimer)
2024 POC Finalist (OD Claimer)

PUBLICATIONS

- Fake news detection using machine learning | **Published Link**
